Effortlessly create customised Quotes, Orders, and Invoices for your clients

Create fantastic first impressions by sending your clients engaging quotes and orders, customised and completely configurable to your liking. Current provides a range of great looking document layouts for every stage of the rental cycle. Select how much or how little information you wish to show, depending on which client you are working with.

- ✓ Fast quote generation, using drag and drop functionality
- ✓ Send documents online, ready for e-signature capture
- ✓ Instantly highlight and resolve shortages on a job
- ✓ Pull costs including sub-hires and freelance crew through to your jobs automatically
- ✓ Take deposit and final balance payments against a job
- ✓ Set package prices against groups of products, or entire opportunities
- ✓ Invoice a job and post directly to Xero, QuickBooks Online or Sage Business Cloud

Resolve Shortages

Projects

Partial Invoicing

The image displays three tablet screens showcasing the software interface. The leftmost screen shows a document with a signature and a "Thanks for your order" message. The middle screen shows a "Wedding - Isner" opportunity page with a table of items and their status. The rightmost screen shows a summary page with revenue, deal pricing, and costs.

Product	Type	Status	Quantity	Days	Price	Discount	Charge Total

Customer Relationship Management

Keeping everyone connected at all times

Have a complete picture of all customer and colleague interactions with a CRM package specifically designed for hire. In one screen, you can access key customer information and create follow up activities, helping build relationships with all customers, suppliers and freelancers.

- ✓ See full client history for all previous orders
- ✓ Upload key files against the customer page, such as insurance documents
- ✓ Create your own fields and reports to help analyse data you need
- ✓ Make use of handy calendars and activity timelines
- ✓ Create customised email templates for internal and external communication
- ✓ Maintain one central list of customers by linking organisations to your accounts package
- ✓ Search across all venues, products, opportunities, projects, invoices and POs using Global Search

Barcode Scanning

Pick Lists & Delivery Notes

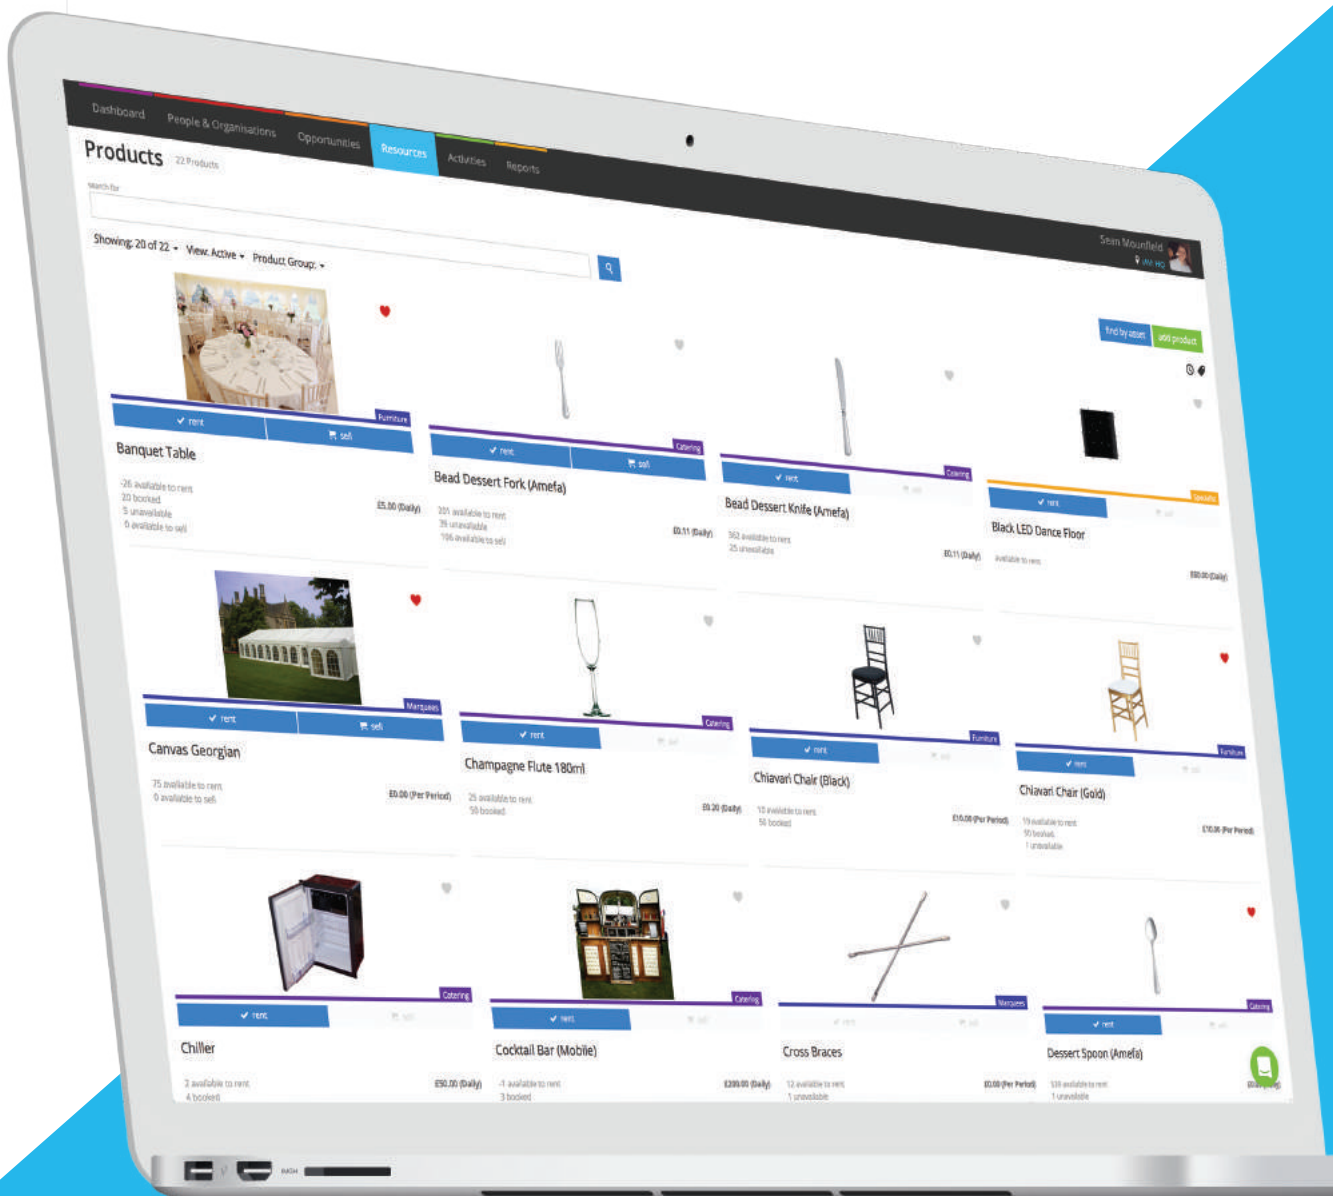

Sub-Hires

Enticing Product Catalogue

View and search across all of your kit

Easily view and search for any class of products or group of items in the enticing product catalogue. Presented with key, relevant stock information such as; quantity available to hire and sell, kit that needs repairing or replacing, and your most popular items.

- ✓ See activities and a full history for individual items
- ✓ Use optional, mandatory, and default accessories to build kits and packages
- ✓ Powerful rental charging including daily, weekly, or fixed rate engines
- ✓ Manage lost & damaged stock in quarantine, and mark items as sub-hired
- ✓ Record PAT, Test and Tag and LOLER test results against your serialised products
- ✓ Book out and check-in gear from your Android or iOS smart device with the Companion App
- ✓ Use Permanent and Temporary Containers to scan a flight case & allocate all of its components

Manage all Crew, Transport, Venues and Rooms

Current not only manages the hire and sale of your stock, but it also manages all the services that go with these jobs too. Whether it's crew, transport, venues, or rooms, the system covers it all. Use the intuitive Resource Planner to view all available resources and jobs with unallocated services.

- ✓ Flexible service charging by hours, days, or distance
- ✓ Simple allocation using drag and drop functionality
- ✓ Handy iCal feed for all resource bookings
- ✓ Specify periods of unavailability for all resources
- ✓ Use Stores to determine the location of resources
- ✓ Build a Venues database for places you deliver to frequently

The screenshot displays the 'Resource Planner' interface. At the top, there are navigation tabs: Dashboard, People & Organisations, Opportunities, Resources, Activities, and Reports. The user 'Sean Mounfield' is logged in. The main area shows a calendar starting from 21/10/2021. Resources are listed on the left, including vehicles like 'Ford Transit Courier Van' and 'Mercedes Sprinter', and staff members like 'Gemma Flowitt', 'Gideon Hawkins', 'Greg Thompson', 'Hazel Jones', 'Ian Gonzales', 'Leigh Widdowson', 'Lisa Kenward', 'Matthew Finkel', 'Rachel Farris', and 'Trevor Beckman'. Each resource has a color-coded bar indicating their availability or booking for specific dates and events, such as 'White-Walker Wedding - Event planner' and 'Sarah's 30th Birthday Party - Professional DJ'. A 'Waiting staff' resource is also shown with bookings for 'White-Walker Wedding - Waiting' and 'Greens 50th Wedding Anniversary - Waiting staff'. The interface includes filters for 'Start Date', 'Services', 'View' (Month), and 'Filter' (All), along with an 'Update view' button.

Current RMS
